Subject: meeting agenda

attached is the first draft of the meeting agenda for your comments.

agenda.wpd

additionally, we came up with the following list of handouts and visual aids

H/O: summary table of all air sampling data to date
ATSDR PCE fact sheet
full chronology of actions at the site
April 4th air sampling results map
Soil gas survey results map

Visuals (all will be overheads): property map with vent locations indicated
table comparing air results found in vent pipes with results found inside

TT

Lou is creating his own to convey results...

Let me know if you can think of anything else.

thanks,

nicole
